## **ISO 9001:2015 Internal Audit Results**

The charts below summarise the level of conformity of your quality management system to the main clauses of the standard. Nonconformances with requirements, depending on their severity, are shown in yellow and red.

Compliance S	<b>Compliance Summary</b>						
21%	79%						
■ Complies with Requirements	■ Improvement Needed						

Results	Recommendations										
>86%	Processes are effective. Proceed with minimal risk. Continue to monitor trends and indicators for change, encourage improvement.										
	Processes have several nonconformances. Implement corrective action by next reporting period or next scheduled audit.										
<59%	Processes have multiple nonconformances. Immediate corrective action, investigate root cause(s). Re-audit/verify in 4 weeks.										
OFI	Review and implement actions to improve the process(s). Monitor trends and indicators to determine if improvement was achieved.
